Application and Agreement With
The Terms and Conditions for Clean Cities Coalitions to Be a 501(c)(3) Chapter of National Clean Cities, Inc.

Applicant: _____ Coalition, Inc.
[Name of incorporated coalition]
Address: _____
_____
Tel/ Fax: _____
E-Mail: _____

WE AGREE TO THE FOLLOWING:

1. We want to be an affiliate of National Clean Cities, Inc.

2. We agree to be subject to the general supervision and control of National Clean Cities, Inc.

3. We have educational, charitable, and scientific purposes and believe we would qualify as exempt under section 501(c)(3), if we applied to the IRS for recognition of 501(c)(3) status.

4. We are not a private foundation.

5. Our fiscal year ends on September 30 (as does the fiscal year for National Clean Cities, Inc.).

6. We hereby authorize and request the central organization to include us in their Group Exemption Application.

7. We agree to be recognized as tax exempt under section 501(c)(3) from the date of the Group Exemption Application.

8. We are attaching to this a detailed description of our Coalition's purposes, activities, sources of income, and types of expenditures.

9. We agree that each year we will provide to NCC information about our activities, sources of income, and types of expenditures so that IRS filing requirements can be fulfilled.

10. We are now incorporated and attach a copy of our Articles of Incorporation, our address, and phone number, the names and addresses of our Board of Directors and officers, and our Employer Identification Number.

Statement of Agreement with The Terms and Conditions
for Clean Cities Coalitions to Be a 501(c)(3) Chapters of National Clean Cities, Inc.

_____ Coalition, Inc.

Address:_____

_____

Organizational Purposes:
The purpose of the Chapters of National Clean Cities, Inc. is to educate people, corporations, agencies and others about problems related to pollution, environmental hazards, and health risks and solutions related to the use of fossil burning vehicles. The use of natural gas, electric, solar, and other clean means of propulsion a helps to produce a cleaner environment for the cities, suburban, and rural areas of the United States, helps to minimize our national need for and dependence on imported oil, and it increases the health and welfare of people otherwise adversely affected by air pollution.

Organizational Activities:
The organization plans to conduct educational activities about the environmental and health benefits of reducing pollution through decreased use of fossil fuels, by working to:

- Educate the general public about issues concerning local pollution, the risks posed by it, and the effect on the healthy and full development of children and adults
- Conduct educational programs, provide information, and collect literature and materials about issues related to environmental pollution, air pollution, and their negative health effects.
- Collect and report information about the environment and any pollution problems and then disseminate that information to and all interested segments of the general population.
- Create educational materials about the pollution caused by fossil-based fuels relative to the performance and effect of alternative fuel vehicles that use electric, natural gas, solar and other means of energy for propulsion.
- Establishing networks and exchanging information with individuals and organizations about available resources to promote better understanding of pollution and environmental issues concerning the use of fossil-burning fuels as compared to alternative fuel vehicles.

As with the Central Organization, the sources of income for the organization include individual contributions, corporate donations, foundation grants, and income from any research, information, or seminars that are made available to the public at a fee not to exceed the cost to the organization of obtaining and producing such information. As with the Central Organization, the expenditures of the organization will be for efforts to research, collect, and disseminate to all interested people within the general public, information about the health and environmental issues related to air pollution caused by the use fossil fuels in transportation. The Articles of Incorporation are attached. I am an officer of the above-named organization and I hereby certify that this corporation wants to be included in the Group Exemption of the central organization, NATIONAL CLEAN CITIES, INC., and is willing to be subject to its general supervision and control.
